Time Is the . . .

Religion is the main spring of the human clock work. It is of extreme value that we realize the importance of time in our Christian lives. As we strive to attain higher goals may we always remember that we are building for time in eternity.

Life is made up of time. Each person is given a fleeting moment in which to live and he must live that moment to the fullest. In every life there is a time for sorrow, a time for happiness, a time for work, a time for study, a time for play, and as comes to all, there is a time for dying. To accept the solemnity of life one must allow for another

As a student one must carefully plan his limited time to fit his busy schedule. Time plays a vital part in the scholastic aspect of our Christian education and we should utilize it to the best of our ability to prepare for eternity with Jesus.

At Indiana Academy a time for social enjoyment is never forgotten. In order that one may be a well rounded individual there must be a time provided for the development of the cultural and social charms of life.

... Essence of Life

"time" and that is a time for God. Time is a gift given by God. Each person is given the same number of hours in each day, but how an individual utilizes his time determines his failure or success. With God, the Clock Master of our lives, we are preparing for a TIME IN ETERNITY.

No educational program is complete without the physical aspect. A time must be set apart each day for the physical development of the body. Even as we take time to prepare our physical bodies we must also take time to prepare for an eternity with Christ.

To one who has made Indiana Academy the successful place of learning that it is.

To one who has dedicated his life to the betterment of this school and its students.

To one who has always shown the students that Indiana Academy is where "Christianity Is the Way of Life."

To you, Elder Bartlett, we dedicate the "Memories" of 1965.

The Principal Speaks

"The greatest want of the world is the want of men--men who will not be bought or sold, men who in their inmost souls are true and honest, men who do not fear to call sin by its right name, men whose conscience is as true to duty as the needle to the pole, men who will stand for right though the heavens fall."

Education, page 57

Another school year is nearly gone and for you who are graduating, another chapter of your life is closing. The past four years now become for you a foundation for your individual future. For most of you your foundation has been well-founded upon consistent scholastic endeavor, worthy objectives, an enjoyable and balanced social experience and a preparation for life through your work program. These, good as they have been are not enough. Our age is an age where expediency is more important than right. Whatever your personal experience may have been in all other areas, your success, not only in this life, but throughout eternity will be determined by your ability to faithfully carry the characteristics outlined in the preceding quotation into your every phase of endeavor.

V. L. BARTLETT

In Deepest Appreciation

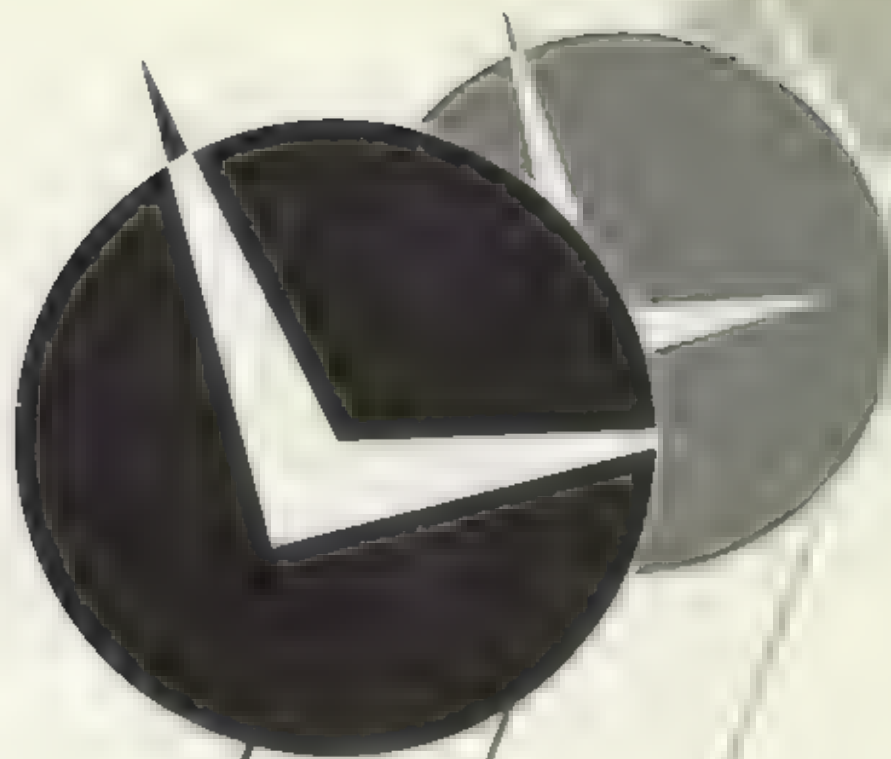

To you who have given of your time and effort beyond the call of duty.

To you who have kept our campus in prime working condition day and night and have made sure of the cleanliness and order of all our buildings.

To you who have demonstrated real interest and dedication to us as students we give our deepest appreciation to

Changing Seasons

Summer comes with balmy days
Spreading warmth on all our ways.

Leafy trees, fields of green,
It's clear blue skys we all have seen.

Yet, summer seems all to short and soon
the air turns cold
And we feel the ting of winter's sting
and see it's spell unfold.

Nestled among the crystalline trees--
the church.

Serene in the fall--
the administration building.

Surviving a cold spell--
the A. D.

Summer comes, summer goes,
winter's here, now here
no more.

Seasons change with passing
days like shifting sands
on distant shore.

Sedate on a school day--
the girls' dorm.

Lulled to sleep by winter's song--
Holly Hall.

Possessing a masculine charm--
the boys' dorm.

Behind a shield of iced trees--
Roepke Hall.

The future lies before us. I. A. we've left behind
To scan our bright horizons and newer friendships find.

We onward press toward higher goals, and richer broader aims
And the burning zeal of youth within our hearts, it flames.

The achievements that we've gained, the principles we've set
And all the friends we've made, we'll never quite forget.

Although these doors we've passed forever
And again these halls we'll travel never.

The memory cords that bind us together
Can no one ever completely sever.
